CUSTOM LEADLIGHTS

ROSES

A selection from our range of standard Leadlight colours...or choose colours to suit your own decor

(see reverse).

The beauty of leadlight has been recognised for centuries and with the current popularity of period homes artistic windows are all the fashion.

Skylights can benefit from the beauty of coloured glass too, and at Custom Skylights we have styles to suit every home.

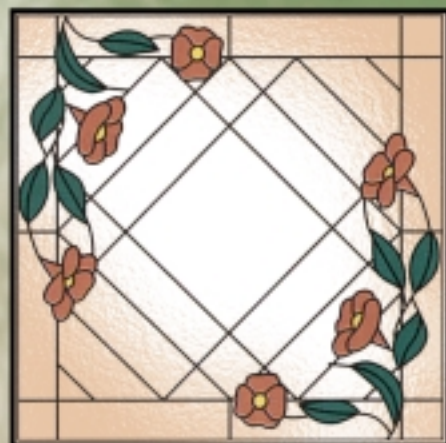

A skylight can be a decorative feature in any room, as well as being the practical answer to a light and airy environment.
